SPECIAL STAGE ARRIVAL (SSA) - On arrival at a SSA a competitor will receive an arrival time only when he / she is ready to start a stage (helmet & seat belt's on etc.), a competitor that is early may wait for his due time. He / She must then proceed immediately to the start line. At the special stage start, the marshal will enter the actual start time which will normally correspond with the provisional start time. The start will be given in accordance with **GR (R) 25.7 to 25.7.1**

SPECIAL STAGE START (SSS) - At the SSS competitors will be given a Start Time in hours, minutes and seconds (*competitors are to start at 30 second intervals*). Once a competitor has booked into a SSA a start marshal will assume that he / she is ready to start the stage and will issue a Start Time as soon as the start line is clear, whether the competitor is ready to start or not. The marshal will give a loud verbal indication of 10 seconds and 5 seconds. At 5 seconds, the Marshal will count down verbally each second 5-4-3-2-1-GO. Upon the signal GO, a visual starting signal will be given which will normally be the raising of a flag from the bonnet (not the windscreen). As each section is timed separately, the time taken from SSA to SSS is dead time and delays are automatically allowed for. The area between SSA and SSS will be PARC FERME.

SPECIAL STAGE FINISH (SSF) - At the SSF a competitor will receive his / her finish time in hours, minutes and seconds. The time in hours and minutes will be his start time for the next Road Section.

Any competitor that fails to stop at the Stop Line **must not**, under pain of exclusion, reverse to the stop line, but must return on foot.

Any crew which has the "**SOS**" sign displayed to them or sees a car which has sustained a major accident where both crew members are seen inside the car but is not displaying the red "**SOS**" sign, **shall immediately and without exception stop to render assistance.** All following cars shall also stop. The second car at the scene shall proceed to inform the next radio point. Subsequent cars shall leave a clear route for emergency vehicles. The Clerk of the Course, at his / her discretion, may award a notional time to any competitor(s) delayed by making such a report. Any crew which is

able to, but fails to comply with this rule will be reported to the Clerk of the Course who may impose penalties. In the case of an accident where medical intervention is not required, the "OK" sign must be clearly shown by a crew member to the following vehicles and to any helicopter attempting to assist. If the crew leave the vehicle, the "OK" sign must be displayed so that it is clearly visible to other competitors. Each competing car must carry a red reflective triangle which, in the event of a car stopping in a special stage, must be placed in a conspicuous position by a member of the crew at least 50 metres before the car's position, in order to warn following drivers. Any crews failing to comply may be subject to a penalty at the discretion of the Clerk of the Course. This triangle must be placed even if the stopped car is off the road. The road book shall contain a page giving the accident procedure. Any crew retiring from the rally must report such retirement to the organisers as soon as possible, save in the case of force majeure. Any crew failing to comply will be subject to a penalty at the Clerk of the Course's discretion.
